

UNDERDEVELOPMENT

according to GOOD 50 x 70:

Honesty, why the hell did they call it underdevelopment if it's about AIDS? It probably refers to underdeveloped areas but damn, REALLY?

CONDOMS

AS THE FIRST TOOL

TO FIGHT AGAINST

AIDS IN AFRICA

GOALS

- 1. proper health care**
- 2. global change in prevention & cure strategies**
- 3. fighting prejudice (men & especially women)**
- 4. health education**
- 5. knowledge of disease**
(infection, consequences, transmission)

SOCIAL CONTEXT,
not global standards

AIDS IN AFRICA

- _ Sub-Saharan Africa : 65% of AIDS in the world (IN THE FUCKIN WORLD, SON) but are only 10% of population of the world.**
- _ Less than 1 in 10 receive treatment.**
- _ No access to preventatives, technology**

AMREF

(AFRICAN MEDICAL & RESEARCH FOUNDATION)

WHAT THEY DO

- _ training and technical support to communities (like kenya police, nurses, clinical officerse, laboratory, hospitals)**
- _ antiretroviral therapy**
- _ door to door outreach**
- _ school education, youth festivals, treating, screening films radio, health clubs**
