TITLE: Every Morning

SUMMARY:

In two separate explorations of possibility, a seemingly trivial accident changes Kristina's life. This film is about one woman and the other woman she might have been, had a small coincidence been different. On a typical morning, Kristina wakes up, receives a mysterious phone call, and pursues her errand of picking up a package for that day. In the first scenario, she answers the call. The second scenario portrays her missing the phone call, but by chance.
